## NECA Innovation Institute

“Hello my friends, colleagues, and motivators. Today at \_\_\_\_\_’s employee forum lunch, **I was announced as the new President.** Other than my family, **there is no one else I’m more excited to share this news with.** Thank you ALL for the examples you have set. **I still can’t believe the relationship that has formed and grown amongst us all.** It’s incredible. I hope to talk to you all soon. Sorry for the LONG text. It reminds me of the voice to texts that my 84 year old mom sends me. :)”

“As you all know, I’m not naturally the most sociable person! Throughout different phases of my life, I usually only have a few close friends at a time. However, **this program has truly brought out a sociable side of me, and I’m grateful for that.** You all have formed the largest and most diverse group of friends I’ve ever had. The work that Tauhira and Jason put in to help shape **our friendships is truly remarkable.** I’m excited about our upcoming time in San Diego and **look forward to continuing to support each other with knowledge and guidance in the future!**”

Innovation is a Team Sport. Join us!
